National Census of Ferry Operators

Friday, September 18, 2009 - The Bureau of Transportation Statistics has released the data for the 2008 update to the [National Census of Ferry Operators](#). The database for 2008 covers 213 operators, serving 282 route segments with 426 terminals in 33 states. The 213 operators reported a fleet of 721 vessels. This biennial census covers scheduled common carrier passenger, vehicle and railroad car float ferries. BTS provides an [overview](#) of the database as well as [tables](#) on operators, routes, terminals, and vessels. The database was mandated by legislation enacted in 2005.
